

Oooooops, Fixing Your Knitting Mistakes - from learning to knit to BECOMING A KNITTER

Homework and Materials List

Lara Geller

Class Experience Level:

This class is for the knitter who has been knitting long enough to be able to read patterns, made a few items, and has a comfort level with all of the basics. It is not for someone who just learned to knit and purl and still struggles with those stitches.

What student should expect to learn:

FIX YOUR OWN MISTAKES!

In this class I will show you how to FIX some of the MOST COMMON mistakes that knitters (even experienced ones) make. The difference is that an experienced knitter can FIX their mistakes so they can continue with their project instead of ripping it all out OR shoving it in the closet or adding it to the UFO pile, never to be seen again. Wouldn't it be nice to have that level of independence in your knitting practice?! Want to learn how to properly UN-KNIT without losing your stitches? Are your stitches TWISTED? Did you PURL instead of KNIT and need to fix that ONE stitch without ripping out multiple rows? DROPPED a stitch and need to SAVE it?? AND MORE! If you have been knitting for a while and get stuck and frustrated when your stitch count is off, when you realize you made a mistake a few rows back and don't know what to do, or even if you have no idea what you did wrong but know "something" is wrong.....THIS IS THE CLASS YOU HAVE BEEN WAITING FOR!

Completion of this class will be extremely liberating to your knitting practice.

Materials Needed:

2 contrasting colors of plain light colored worsted weight yarn, corresponding size knitting needles, corresponding size crochet hook

HOMEWORK: PLEASE MAKE SURE THIS IS DONE BEFORE CLASS

-With color A, cast on 25

Rows 1-5 - Knit
